

On Friday evening (8/22) from 7:00 to 8:30 Pat Coulston is hosting a social at/on his boat in the Santa Cruz Harbor. Beer, wine, and sodas will be provided along with some snacks. Bring a sweatshirt and come down, imbibe, hang-out, walk around the harbor or out to the lighthouse, and generally power-down. Pat's boat is located at slip U-37 in the upper harbor.

The Santa Cruz Harbor is just a few confusing miles from the UCSC campus. To get to the boat:

From the Bay/Mission intersection below the UCSC campus –

- 1) Take Mission (east towards town) to Laurel.
- 2) Turn right on Laurel and proceed down through town and across the S.L. River.
- 3) Immediately after traversing the S.L. River bridge turn right on to S.L. Blvd.
- 4) Take S.L. Blvd. past Ocean St. (at this point S.L. turns into E. Cliff)
- 5) Continue east on E. Cliff until it bends sharply left and becomes Murray
- 6) Continue east on Murray, over the harbor bridge to 7th

(3-6 can be summed up as: turn left after the S.L. bridge and go east until you reach 7th)

- 7) Turn left on 7th and proceed to the first stop sign (at Brommer)
- 8) Turn left into the harbor entrance and go down the hill to the stop sign.
- 9) Go straight through the stop sign, all the way down the east side of the upper harbor to "U" dock (the last dock).

The entire distance from UCSC to the dock is probably only 4 or 5 miles, but it will probably take about 20 minutes. See you there!
